

Dua Eman

Frontend Developer

I am a dedicated Frontend Developer with experience in HTML, CSS, Tailwind CSS, and JavaScript (ES6). I like creating responsive and attractive websites that are easy to use and visually appealing. I am always interested in exploring new technologies and improving my skills to become a better web developer.

PROJECTS

Portfolio website

Frontend Developer

Designed and developed a modern and fully responsive personal portfolio website using HTML, Tailwind CSS, and JavaScript. The website showcases projects, skills, services, and contact information with a clean UI/UX design, smooth layouts, and interactive hover effects. Focused on responsive design and professional frontend presentation.

Catering Bestilling Website

Frontend Developer

Developed a responsive catering and food ordering website interface using HTML and Tailwind CSS. Created multiple modern sections including hero banner, featured vendors, product cards, how-it-works section, and footer with interactive hover animations and clean spacing. Focused on pixel-perfect frontend design and user-friendly layout structure.
